Collins Computing partners with Sable Systems to offer "Dynamic CPG", a Consumer Packaged Goods solution based on the Microsoft Dynamics AX platform

August 9, 2011: California – Collins Computing is furthering their commitment to Microsoft Dynamics® AX in the Consumer Packaged Goods (CPG) vertical by solidifying their relationship with Sable Systems to sell and implement "**Dynamic CPG**". Sable Systems is a trusted ISV partner that has built their award winning end-to-end CPG solution for importers, distributors, and retailers.

The result of this partnership is a robust product built entirely in the acclaimed Microsoft Dynamics AX solution set, with one database, one security framework, and one toolset. Only available in the U.S through Collins Computing, this solution streamlines the following CPG processes and more:

- Product Lifecycle Management (PLM)
- Demand Forecasting and Planning
- Product Pricing and Promotions
- Web Stores
- Order Management
- Supply Chain, Procurement, and Rebates
- Warehouse Management
- Landed Costing and Freight Management
- Customer Relationship Management and Service (CRM)
- Customer Credit Management
- Financial Management
- Retail — Centralized and Store

Collins Computing exclusively offers the **Dynamic CPG** solution with five modules:

- Consumer Packaged Goods
- Credit Management
- Demand Forecaster
- Landed Cost
- Product Lifecycle Management
